COMING SESSION OF LEGISLATURE

Senators and Delegates Arriving in Richmond Daily

MEETS ON WEDNESDAY

Candidates for House Speakership Active—Corporation and Circuit Judges to be Named.

Richmond, Jan. 12.—With the arrival in Richmond almost hourly of members of the Senate and House of Delegates, everything is being whipped into shape for the 1920 session of the General Assembly of Virginia. It will open on Wednesday morning and will continue for at least sixty days.

Almost everywhere that members of the House of Delegates gather, the topic of conversation is the election of a Speaker. There are two candidates, Kenneth N. Gilpin and Richard L. Brewer, Mr. Gilpin has come out for the abolition of the State Prohibition Department. He has recently sent out letters to every member of the House declaring that, in his opinion, it is a needless expenditure and should be discontinued.

In his letter, Mr. Gilpin stated that the election of a Speaker would rest in the way eight unpledged members voted. Both Mr. Gilpin and Mr. Brewer have been active and are receiving support from a coterie of friends. Mr. Brewer is understood to be strongly in favor of the continuance of the Prohibition Department.

Election of a Speaker will take place at the Democratic House caucus tomorrow night, preceding the convening of the House and Senate the following morning. It appears, according to politicians, practically certain now that James H. Price, member of the House from Richmond, will be chairman of the House caucus. He has stated that he has almost all of the members pledged to him for the position. It is understood that he will probably have no opposition for the chairmanship.

If Mr. Price is elected chairman of the caucus, he will also preside at the joint caucus of the House and Senate on Thursday night, January 15, when fourteen circuit and corporation judges will be chosen, besides a successor for Judge Stanford Whittle on the Supreme Court of Appeals' bench.

In addition to the judgeship to be chosen, the joint caucus will elect a First and Second State Auditor, Register of the Land Office and Superintendent of Public Printing.

Auditor of Public Accounts C. Lee Moore and Second Auditor Rosewell Page are without opposition for re-election, John W. Richardson, Register of the Land Office, will be opposed by Sam Burnley. There are two candidates for the Supreme Court bench. Judge Robert Southall and Congressman E. W. Saunders. Judge Southall is now circuit judge of the fourth judicial circuit.

The senate, at its caucus tomorrow night, will elect a successor to Senator G. Harding Walker, for many years president pro tem of the body. Senator Walker will not stand for re-election. It is not known who will be a candidate for the place of honor. Several names have been mentioned, but no candidacy has yet been declared.

DENTIST MURDERED

Believed to Have Been Slain by Recently Released Convict, Whose Hatred he had Gained

New York, Jan. 12.—The body of J. D. Hanania, 24, a dentist, who had been murdered with a hatchet, was found in his office Friday by his mother upon her return from religious services. None of the victim's money or jewels was missing.

The police later sent out a general alarm for a man recently released from Sing Sing Prison on parole, after serving a term for a murderous assault on a member of the dentist's family.

They learned a man answering the description of the convict was seen climbing down a fire escape of the building a short time before the body was found.

SWEEPING CHANGES LIKELY TO BE MADE

Anti-Profiteering Law Will be Given More Teeth

REPORT IS DRAFTED

Would Make Attorney-General's Office Capable to Protecting Interest of People.

Richmond, Jan. 12. — Sweeping changes in the antiprofiteering laws of the State are recommended in a report drafted by the special committee recently appointed by Governor Davis to draft legislation designed to reduce the high cost of living and submitted late last night to the executive. This committee is composed of George E. Wise, Charles C. Berkley and O. L. Shackelford, Commonwealth's attorneys of Richmond, Newport News and Norfolk, respectively.

The report recommends enactment of legislation that will make the office of Commonwealth's attorney "perform useful functions to the people of Virginia and headquarters for enforcing the laws of this State, designed to protect the people from the interests represented by persons which the bills are designed to meet."

The Attorney-General's office, the report says, "should be equipped with assistants of ability, sufficient to cope with the able lawyers employed by those who represent the great public service corporations before the Interstate Commerce Commission, and the State Corporation Commission and to cope with those who would likely be prosecuted under the antitrust and individual profiteering bills."

There should be a place, the report adds, "where substantial complaints from every county and city in the State can be lodged and investigated."

This office, the paper goes on, "should be equipped with skillful and well trained men capable of gathering and marshalling evidence against those violating any of the said laws.

Offices of Commonwealth's attorney the report recommends, should be provided with an assistant Commonwealth's attorney, a special officer and funds for stenographic work.

A tribunal before which the question of increase in wages and other matters of dispute between capital and labor can be heard and authoritatively determined, also recommended.

Bills covering the several recommendations accompanied the report.

IOAKOTA FARM

The Ioakota Farms Industrial and Agricultural School for Girls, at Clifton, Virginia, an institution that has grown from the Childrens' Home, in this city, has received the following letter from a former Alexandrian, Mr. Meyer Genzberger:

Butte Montana,
December 19, 1919.

My Dear Miss Holt:

Enclosed please find my check on First National Bank of Butte for $20, my contribution as a Christmas gift for the Children's Home at Ioakota. Please use this humble donation as you think will give the little ones the most pleasure and joy. I missed my donation last year to the Children's Home, as in some manner I had been informed that the Home in Alexandria had been abandoned.

I saw your appeal in the Gazette of November 25.

Yours respectfully,
M. Genzberfger.

This home is doing a splendid work and deserves such contributions, which are always greatly appreciated, and applied for the good of the children now being cared for and educated.

STATE BLUE LAWS MAY BE AMENDED

Alleges Statutes in Code Are Inequitable at Present

PREPARING THE BILL

Remedial Legislation Will be Presented at Coming Session of Legislature.

Richmond, Jan. 12.—Cognizant of what has been described as the unfairness of the Sunday anti-selling laws, George E. Wise, Commonwealth's Attorney of Richmond, Saturday, afternoon conferred with C. H. Morrissette, director of the Legislative Reference Bureau, for the purpose of drafting remedial legislation to be submitted to the General Assembly when it convenes in Richmond in bi-ennial session Wednesday of this week.

Mr. Wise would amend the existing "blue" laws, which he characterized as unfair, with flagrant and glaring inequaities. These, he described as the provisions relating to the sale of gasoline and the delivery of ice cream on Sunday. Mr. Wise does not deem it fair to permit automobile supply dealers and garages to sell "gas" on Sunday and to allow automobile owners the privilege of securing same when the sale of other things which he considers equally as necessary is prohibited.

Mr. Wise entertains the same view with regard to the delivery of ice cream on Sunday. He regards it as inequitable when certain of Richmond's citizens, who can afford the luxury, can have the frozen delicacy delivered to their homes on the Sabath, while others, who cannot afford he larger quantity, must needs go without, simply because it cannot be had over a counter on Sunday.

Mr. Wise said that he would not attempt to recommend any specific remedy. He would be content, he said, to point out what he called the inconsistences in the present laws, and let the Legislature exercise its own prerogative in remedying the situation. Mr. Wise would like to see a law, he says, that is fair to all and one that will not work a hardship on some by unfair discrimination. He says he would let the lawmakers determine among themselves what are Sunday necessities and what are not. He would have the law made so clear that it would not be necessary for the courts to interpret the meaning.

KING STREET PROPERTY

Business property on King street is very valuable at present, or the people of Alexandria are quite optimistic or venturesome. Only recently three pieces of property on different squares were each sold at a figure three times their assessed value. One piece assessed at $5,000 sold for $16,000; a second piece assessed at $8,000 sold for $25,000; a third piece assessed at $3,300 sold for $10,000. A total assessment of $16,300 sold for $51,000, or about 33 per cent.

IN THE SADDLE AGAIN

The motorcycle policeman is once more on his job, and, as a result, the recepts of the Police Court this morning showed a material increase, a large percentage coming from speeders. North Washington street, south Alfred street and south Fairfax street are the main boulevards for such as have a propensity to violate the traffic laws.

Several months ago the city's motorcycle was seriously damaged by a collision on King street, between Washington and Columbus, and the driver policeman injured. After a short stay in the Alexandria Hospital he reports for duty. The motorcycle in the meantime had been sent to Washington for repairs, and it is again a familiar object on the streets mentioned above.

MEXICO'S EARTHQUAKE

While people in different parts of Europe are starving to death, hundreds have been killed on this continent from earthquakes.

Six hundred persons were killed at Barranca Grande when the place was destroyed by last Saturday's earthquake, according to special dispatches from Vera Cruz. Jalapa, former capital of the State of Vera Cruz, and Teocelo were virtually ruined, it is said, while the village of Avahulaco was crushed by great rocks dislodged from the adjacent mountain. A similar fate is reported to have befallen the village of Exhuacan.

One small child is said to be the only survivor of the inhabitants of the village of Sanita, State of Puebla, which was overwhelmed by poisonous gases.

Government dispatches, which were filed after the first excitement and confusion had ended, give small hope that the original estimates of 2,000 dead will be decreased.

Unconfirmed reports received stated there were 600 dead in Chilchota, while no reports have been received as to the situation at the little town of Calcahualco, which was reported to be completely vanished with its 200 inhabitants. At Platanalan, the mountain overlooking the town split into two parts, many people being crushed to death.

In the San Miguel district deaths from gases are reported to number upwards of 200. Nearly 150 bodies have been taken from streams and rivers of the eastern slope of the mountains.

A telegram from the mayor of the City of La Fragua, State of Puebla, stated he had been unable to report sooner because of almost continuous shocks, which had almost leveled the place. He said 70 bodies had been recovered from the ruins and that many persons were dying of their injuries.

STILL AT IT

A peculiarly despicable and impudent instance of postbellum German propaganda is that of the so-called "Young Alsace" party, which is protesting against union with France and demanding the establishment of Alsace-Lorraine as a free republic.

The Cleveland Plain Dealer says a proclamation has been issued by these friends of Prussia, and is being circulated in the United States. It is signed by an executive committee of three, one of whom has a French name while the other two have the solid Prussian names of Count Rapp and Heinrich Muth. They call themselves representatives of the "Free State Elsass-Lothringen," unblushingly using the German instead of the customary French designations of the provinces.

The proclamation is a weird mass of misinformation and misrepresentation, interlarded with invective against France and too thinly disguised Germanism. The "Young Alsace" spokesmen declare that only the old folks who remember the days of French rule are in favor of restoring the French connection, while the "young men" who are looking to the future have no use for France. They aver that French enthusiasm in Alsace and Lorraine is artificial and mercenary. They talk big and they talk very impudently.

PRICES AND PRODUCTION

The statistical expert of the Department of Labor is convinced that prices will not fall and that a serious situation would set in if they did. Of course, as a cotemporary says, this is on the supposition that falling prices would not be met with other compensations which would bring living to a more normal prewar basis. That underproduction, which is now universal in its incidence and world wide in its effects, is likely to continue would seem to go without saying. For one thing, the impossibility of even the most efficient nations of Europe repairing the wastes and losses of warfare within the immediate future must be obvious. Moreover, even if all peoples were agreed on an immediate resumption and were able to begin production on a quantity scale, they are all being stopped from any such intensive campaign by the political and social friction that looks to a reduction in the hours of work in order that labor may secure leisure along with high wages. Under the circumstances, the prophet who foresees continued high prices and with the demand exceeding the supply is more or less on the level with the man on the inside who plays with loaded dice and knows what number will turn up.

WOULD SURRENDER KAISER

League Says People Must "Cut Themselves Loose" From Wilhelm

Berlin, Jan. 12.—Germans are urged to turn over former Emperor William for trial by the Allies in resolutions passed at a public meeting of the New Fatherland League here yesterday.

"In signing the Treaty of Versailles," the resolution said, "Germany consented to the trial of Wm. H. It is, therefore, the duty of the German people to execute the treaty, and every attempt to prevent procedure against the former Kaiser must be branded as a political crime."

One speaker declared William, with his "eccentric mysticism," and former Emperor Francis Joseph, of Austria, were not responsible for the "criminal game played with Serbia," and that German diplomacy was helpless in the face of operations by "men higher up."

Herr von Gerlach, Radical Democrat asserted the surrender of William would strengthen the reactionary wave in Germany and warned the Entente to desist carrying out treaty provisions calling for the trial of the ex-while monarch. He advised the establishment of a neutral court for the trial, adding: "The German people must definitely cut itself loose from this man."

President Lincoln's attitude toward the arrest of Jefferson Davis is recalled by Otto Landberg, majority Socialist leader, discussing in Vorwaerts the probable extradition and trial of former Emperor William. He cites the dilemma of the Union States when the Confederate leader was imprisoned, and says he is convinced "it would have been better to have allowed Mr. Davis to escape."

Herr Landberg recommends that Entente leaders read observations on the Davis case by Carl Schurtz, and asserts he believes such a perusal would bring about a different attitude toward the former Kaiser's surrender.

VIRGINIA NEWS

A severe shortage of drinking water has caused such distress in Norfolk that yesterday it was decided to rush water to the city by railroad in tank cars to relieve the famine. Thirsty people formed a long line yesterday to secure small quantities of water from agents of commercial springs. Because of the water shortage the Navy Department has ordered 3,000 men withdrawn from the district temporarily. There was talk last night of prosecuting city officials for alleged criminal negligence in permitting the water supply to run so low that the peoples common needs can not be met.

George W. Dean, indicted nearly a year ago for the murder of J. W. Dunn, a wealthy tobacco planter of Henry county, was acquitted Saturday morning by a jury in the Henry County Circuit Court. The tragedy occurred in June, Dunn calling at Dean's house for Mrs. Dunn, who had been gathering blackberries with Mrs. Dean. Some months earlier Dean, it is alleged, told Dunn never to set foot on his property again. When Dunn entered the gate there was an altercation followed by shots. Dean pleaded the unwritten law.

David Bailey, charged with the killing Saturday at Pocahontas of Thomas Mitchum, a farmer, was taken last night to Tazewell, for fear of lynching, fears of mob violence, it was said, prompting the move. Bailey, according to the police, shot and killed Mitchum during a quarrel resulting from a horse trade.

With Governor Davis, of Virginia, Governor John J. Cornwell, of West Virginia; Senator Claude A. Swanson, of Virginia, and officials of the Federal Highway Council and engineers in the construction division of the War Department on the program for speeches, the ninth annual meeting of the Virginia Good Roads Association will open in Murphy's Hotel, Richmond, Wednesday morning next.

Damage estimated at $50,000, was suffered by the lower plant of the Richmond Guano Company, Inc., located half mile east of Fulton, by fire of mysterious origin, which raged unchecked for about two and a half hours Friday night.

The little son of Frank Pedneau, 6 years of age, of Jarratts, was instantly killed one day last week. The little boy went out with a lantern, it is said, to see about the lighting tank from which the lights of the house are derived, when upon opening the door, an explosion occurred. It is said the tank was in a small brick house and that it was blown into atoms. The little boy was so badly torn by the explosion that it was difficult to recognize him.

Good Health Within Easy Reach

Vigorous Health Only as Far Away as the Use of Pepto-Mangan

Creates Rich, Red Blood

Pepto-Mangan Obtainable in Liquid or Tablets—Insist on "Gude's." The Genuine

There is really no reason why men or women with thin, watery blood and consequent poor health should remain in that unfortunate condition. Thin, nervous, run-down, tired people never get much happiness out of life.

Men and women with the bloom of health in their cheeks, a cheerful, sunny disposition and an attractive personality are the folks who get most of life's enjoyment, pleasure, and success.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

"PRESIDENT EMERITUS"

Plan Under Way to Retire Gompers With Full Pay and Advisory Powers.

Washington, Jan. 12.—An effort to retire Samuel Gompers as president of the American Federation of Labor at full pay and create for him a new position, such as honorary president, or president emeritus, through which he could exercise advisory powers over the policies of organized labor, is expected to be made at the convention of the Federation next June.

The plan in no way connects up with the attempts of socialist and radical members who at previous conventions have attempted to unseat the "Grand Old Man of Labor."

Gompers' friends, although they have knowledge of some sort of a movement to place him on a retired list, scoff at the idea that the next convention will take any such action. It has generally been considered that when Gompers does retire he will be placed in an advisory capacity with full power, but such a move at this time is unlikely, many believe. They support their contention by pointing to the vigor with which the head of the Federation continues his work, although he will pass his 70th birthday this month.

Arising at about the same time is a movement for a sweeping change in the executive council of the Federation, which some elements charge has become altogether unrepresentative of labor and which "does not fit into the general labor reconstruction program."

NEAR COAL FAMINE

London, Jan. 12.—Shortage of household coal which approaches famine proportions is reported in many of the thickly populated districts throughout Great Britain, resulting in protests to the coal controller from numerous places in Lancashire, South Wales, the London districts and also from Ireland.

Although officials returns show a constantly increasing output of coal for several months, excepting during the Christmas and New Year holidays, poorer citizens have found it virtually impossible to obtain even small supplies since the government announced a reduction of ten shillings on each ton affecting household coal. The distress, therefore, is acute in the present cold spell.

In some places the municipal authorities have decided to close the grade schools because they lack fuel, Swansea in Wales is one instance where this condition prevails. Officials of the miners' federation allege the shortage of coal is due to the fact that the bulk of the supply is being sent abroad at huge profits for the owners who refuse to allow the coal to be sold in Great Britain for household purposes at the government's price.

A deputation representing the miners' federation is preparing to wait upon the government with a demand "that exorbitant profits to owners be stopped immediately." It also is announced that conference will be called by the workers January 29, to consider the government's reply to the demand.

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the process of reconstruction in which all have to share.

—JAMES J. HILL

THE successful farmer raises bigger crops and cuts down costs by investment in labor-saving machinery.

Good prices for the farmer's crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

Booze Coming Back?

If there was the shadow of a chance to open up places for the legal sale of **whiskey** in any county or city in the state, one man could raise **twice** as much **money, in forty-eight hours,** as the **Anti-Saloon League is asking for in its campaign,** in the same territory.

For twenty-five years the moral forces of America have been at work, spending hundreds of men and millions of money ($50,000,000) in an effort to **make America dry.** Now we have Constitutional Prohibition written as a law, but we also have a group of men, with millions of money, who are doing their **utmost** to make this law of no effect by endeavoring to raise the **alcoholic content** and by undertaking to keep Congress from providing the proper machinery and funds for the **enforcement of the law.**

All of the leading religious denominations are preparing for the largest missionary program ever conceived, and unless we throttle the liquor business, it will in a large measure, nullify the work of the churches abroad. Bishop McConnell recently said in Baltimore that "If all the **good** we had brought to the **heathen** by our **missionaries** were weighed in the balance, it would probably not out-weigh the **harm** we have **brought** to them by our **vices.**"

After al lthat has been done, will the temperance forces now sit idly by and see the wet forces succeed or will they rise up as one man and **provide the funds with which to make this law effective?** If so, then contribute to the **Anti-Saloon League Campaign** during **January 16th to 23rd.**

HUSBAND SHOOTS WIFE

Raymond E. Grove Replies to "Shoot" Answer With Three Bullets

"Where are you going?"

"None of your business!"

Angered at this, Raymond E. Grove, 37 years old, an employe of the Interstate Commerce Commission is charged with firing three shots at his wife, Eleanor Grove, 37, whom he had been separated for six months. The shooting occurred at New Jersey avenue and H street northwest, Washington.

With the first shot the woman fell to the sidewalk in front of her home, 804 First Street, northwest, where she has been living since her estrangement from her husband. The second and third shots went wide of their mark. Private Melton Warnell, of No. 4 Truck Company, who happened to be passing in a machine, rushed the woman to Casualty Hospital. Doctors said last night that the bullet had lodged in her left shoulder and that she was not in a serious condition.

After the shooting, Grove fled from the scene and was arrested an hour later.

Police attribute the shooting to a fit of jealousy.

When Mrs. Grove emerged from home, Grove who was waiting across stree, went to meet her. The couple were seen to talk together a while, and then Grove drew his gun and fired.

KILLED IN CLEAN-UP

Chicago, Jan. 12.—Fewer than 200 suspects taken in the round up of criminals, Saturday night and early today were being held up by the police last night.

Of these only 10 had been positively identified as principals in recent robberies. The raids on poolrooms, cafes, saloons and other places, during which an alleged robber was killed and another fatally wounded, weer the most sweeping for some time by the police in an effort to rid Chicago of undesirable elements.

Practically 1,000 suspects were taken, but many were released, after being examined. The others, all men with police records, are being held for further investigation The raids were conducted by the police in civilian clothes. One suspect was killed after a chase and a duel with a police squad, and the other died after being shot by raiders.

SAVES MAN FROM MOB

Searchers Find Body at Bottom of 20-Foot Hole

Vicksburg, Miss., Jan. 12.—Discovery Saturday of the body of Dr. D. L. Alverson, physician, who was murdered Monday night, brought open threats here of lynching Jesse Watts, country grocer, charged with the murder, when a mob formed, but the officials had already spirited the prisoner away to Jackson for safekeeping.

Authority for the use of troops was given by Governor Bilbo, but the quick work of soldiers to protect Watts and Reuben Winbush, negro, charged with being accessory to the crime. According to the officers, Watts, who conducted a grocery near here, called in his automobile for Dr. Alverson Monday night, and was last seen with the physician outside of the city. A vigorous search for the missing man was begun and Saturday the body, with one leg sticking out from the rain washed dirt at the bottom of a 20 foot hole on a ridge of the National Military Park, was found.

A special jury found that Dr. Alverson, who is survived by a widow and three children, had been shot five times behind, with a revolver, and that the back of his head had been crushed by a "Ford wheel puller." The coroner's verdict charged Watts with the murder and Winbush as an accessory.

The officers said that witnesses had heard Watts made a threat to kill the doctor if he failed to cure Mrs. Watts of recent illness. Mrs. Watts receovered, it was said, and a motive is still missing. Jewelry on the person of the doctor was not taken.

The Bank of Personal Service In Alexandria

If You Contemplate Buying a Home. Don't Delay. Do It Now!

Get the idea out of your mind that you ever again can purchase a home at the prices prevailing a few years ago. It can never be done, Alexandria will continue to grow, the talk of the pessimist can't retard its growth.

My reason for advising the purchase now is, because the cost of building material is showing an advance each month, and labor will most certainly not be lower.

It is the opinion of men most competent to forecast the future, that these conditions are certain to continue for some years. Therefore, it appears that you will be considering your best interest by purchasing now.

As the cost of building advances, so will rents be increased, and in sympathy with the cost of building, houses already constructed are certain to advance in price, then, too, because of the scarcity of houses, and the demand, larger initial payments will be demanded. If you have, or can secure $500 or more, purchase your home now, or you will regret it later.

Six modern brick homes on King street, near Union Station, containing eight rooms, (two in basement), bath, electric lights, and all modern conveniences. These are attractive homes, with great future values to look forward to. Especially favorably located for railroad men. Price $5,500.00. Small cash payment.

Nine room and bath brick, 201 South Lee Street, convenient to torpedo plant, a paying investment as a rooming house, reasonable terms if desired. The price is reasonable, first payment $700.00 to $1,000.

A basement house in South Pitt street, very desirable neighborhood. Many people prefer this style of house, reasonable in price.

Magnificent Home in Beautiful Rosemont

This property is one of the most attractive imaginable, built of the finest materials throughout; rooms all large and light; high elevation, two blocks station. Contains living room, library, dining room and kitchen on first floor, five bedrooms and two baths, on second floor, and unfinished attic. Vapor heat, concealed radiators.

This is an unusual home and must be seen to be appreciated.

It will give me pleasure to show you this unusual home, price $19,000.00. Any builder will assure you that this house could not be duplicated for less than $25,000.00 without the value of the lot. Will require about $5,000.00 to handle this.

One of the most attractive homes in the city, 500 block of Duke street, specially desirable neighborhood, large lot, garage in rear, a bargain at $8,000.

Several people are contemplating purchasing this fine home, so you should decide promptly. $3,000.00 cash will handle this.

A very handsome home in South St. Asaph street, excellent neighborhood, an unusual home in every particular, a house for a permanent home. Price $16,000. Also house and very large lot adjoining $6,000.

Attractive six room and bath brick in South Royal street, near station very convenient to torpedo plant and shipyard, adjoining electric railroad station. Price $5,500.00.

Several homes in upper Prince street, convenient for railroad men, can be purchased on reasonable terms One of these particularly attractive.

In upper Prince street, a corner brick store building, with living rooms above, fine location for combined city and country trade, should prove a money maker. Price about $5,500.

Completely furnished hotel, which if run on the European plan, should prove profitable. I am advised that the furnishing of this hotel cost about $7,000. Price $20,000.

Desirable homes in St. Elmo, Del Ray, Cottage Park, also lots in Rosemont and George Washington Park. Homes in East Rosemont can be secured on reasonable first payment.

NOTICE

If there is a property that you especially desire, and which is not on the market, consult me, perhaps I can secure it for you. It is part of my business to attend to these matters for you.

Pepsated Aspirin Best Form in Which To Take Aspirin

Relieves Pain, and Does Not Upset The Stomach

In the treatment of colds, headache, neuralgia, influenza and rheumatism—in fact wherever aspirin can be used with benefit, a quick reception has been given to Pepsated Aspirin, the compound tablets of pure aspirin and pepsin.

Pepsated Aspirin possesses all the medicinal properties of aspirin, but on account of the presence of pepsin, it can be taken freely without upsetting the stomach. The next time you need aspirin, ask for Pepsated Aspirin. For sale by good druggists.

When You Think of Real Estate

Just Remember That No One Can Serve You Better Than Agnew.

I believe I can truthfully say that I haven't had a single dissatisfied customer. Indeed most of those to whom I have sold property, have assured me that they could have realized an immediate profit.

I have also apparently satisfied the seller as well, as there has never been a "hitch" of any kind, in any deal I have made.

Whether your desire is to buy or sell, consult me. I promise to transact your business with dispatch.

WELLINGTON VILLA

Water front properties in good neighborhoods and well located at attractive prices are exceptionally scarce and will be much more so as spring approaches It would be advisable therefore for any one seeking a place of this kind to act as the opportunity presents itself.

We have a seven room bungalow, two acres of ground that we are going to sell for $6750.00.

The house has bath, electric lights, water, improved pipeless furnace and porches commanding one of the finest views on the Potomac river. Two hundred feet of water front on which can be erected additional boat houses etc., making this one ideal spot for a place of its kind. This property is worth today considerably more money and the owners have very good reasons for disposing of it. Would consider trading for city property.

REVOLUTION AND PROHIBITION

Rev. Dr. G. Campbell Morgan, of London, Declares Dry Countries Should Prepare

Syracuse, N. Y., Jan. 12.—Revolution is likely to follow in wake of prohibition, according to Rev. Dr. G. Campbell Morgan, pastor of Westminster Chapel, London, now visiting in Syracuse.

"Whenever a great country banishes strong drink, it must prepare for a revolution," he declared from the pulpit here. "When a man stops drinking, he begins to think." All that happened in Russia in the revolutionary line has occurred since vodka was abolished. Whenever London goes dry, her East end will arise."

Commenting on prohibition in the United States, Dr. Morgan said:

"It will be wonderful when the country is entirely dry and adjusted to it, but it will be some time before you get settled down."

WAR IS ENDED

Berlin Delegates Are First to Attach Signatures; Lloyd George and Clemenceau Follow

Paris, Jan. 12.—Ratifications of the Treaty of Versailles were exchanged, and peace between Germany, France, Great Britain and the other Allied and Associated Powers, with the exception of the United States, became effective at 4:16 Saturday afternoon.

The ceremony took place in the Clock Hall at the French Foreign Ministry. Previously Baron Kurt von Lersner, head of the German mission, signed the protocol of November 1, providing for reparation for the sinking of the German warships at Scapa Flow, and to insure the carrying out of the armistice terms. The signing of this document occurred in the office of the Minister of Foreign Affairs.

REFUGEES DIE OF COLD

American Red Cross Workers Find Babies Frozen to Death in Arms of Mothers

Reval, Jan. 12.—Thousands were frozen to death in a blizzard which swept across Esthonia on New Year's Day. Reports received here state that 300 bodies of refugees were found in a forest between this city and Narva, and American Red Cross workers say many babies were frozen to death at their mothers' breasts.

Many fugitives from the collapsed army led by General Yudenitch, in his recent offensive against Petrograd have perished in the drifting snow.

Automobile Bandits Succeed in Daring Raid in View of Policeman and Detective

Philadelphia, Pa., Jan. 12.—Three automobile bandits Friday night broke a show window in the store of I. Press and Sons, at Eighth and Chestnut Streets, here and got away with jewelry valued at $10,000, while a policeman and the store detective stood only twenty yards away.

As the automobile moved slowly past the store two of the men leaped out, smashed the window with an iron bar, grabbed the jewelry and then ran down the street and hopped into the automobile. The detective fired at the bandits, but apparently without effect.

THEATRES

OLD BILL'S ROMANCE

At The Ingomar

The romance of Old Bill is delightfully told in "The Better 'Ole," the comedy picture of the great conflict which will be shown at the Ingomar today. Old Bill is now entertaining hundreds of thousands of people at the Cort Theatre, New York City, and on the other stages of the country where the five touring companies are now playing. He is even more entertaining on the screen than he is on the stage. On the screen the character is played by Charles Rock, who attained such a tremendous success in the original production. "The Better 'Ole" was written by Captain Bruce Bairnsfather and Arthur Eliot, and the screen production was made by George Pearson. No picture produced in a long time has been more universally commended and praised than has "The Better 'Ole."

Pearl White also in "The Black Secret."

RICHMOND—"A Regular Girl"

Elsie Janis, the sweetheart of the nation, returns to the public in her first Selznick Picture, "A Regular Girl," at the Richmond tonight. A mile-a minute comedy-drama in five gripping reels. Notable supporting cast includes Matt Moore, Robert Lyton, Robert Ayerton and other popular players.

Moonlight romance! Coney Island adventure! A "regular" girl with a "regular" fellow! A story that grips and thrills!

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No griping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive [illegible] at bedtime. 10c and 25c a box
